

## INTEND TO HAVE HIGH-CLASS PARK

Amusement Grounds at  
Red Fork to Be Made  
Complete Resort.

## CAREFUL CENSORSHIP

Dancing Pavilion Grows Into  
an Enormous Recreation  
Park All Up-to-Date.

By July 4 the Electric Park Amusement company, which controls and operates Electric park on the Oklahoma Union Interurban line near Red Fork, expects to have in operation one of the most complete and best equipped amusement places in the southwest.

At present there is a large dancing pavilion, a soft drink stand, a few concessions and a fairly large artificial lake over which native stone bridges have been built. Several boats have been purchased and are ready for use by boaters.

The park ground covers approximately 40 acres. It extends across the Oklahoma Union Interurban line heavily wooded ground where several devices have been provided for children, and where there is plenty of shade for picnics.

"We expect to have in operation by the Fourth of July a merry widow swing, an airplane circle wave which will extend over the water when in motion, a ferris wheel, a three-horse-abreast jumping carry-us-all, an extensive midway, boat and a number of other devices and amusements," said Will T. Davis, manager of the park, yesterday. "It is also possible that we may have in operation by that time a large roller skating rink and a fresh water natatorium. Next fall we propose to install a scenic railway, or roller coaster, which will be large enough to furnish thrills to those who prefer that kind of amusement."

The investment at the park, with riding devices already ordered, is about \$150,000. This will be substantially increased from time to time. It is the intention of the company to add three new riding devices each year.

Work of clearing the park grounds has already been started. A force of workmen is busy every day cutting down dead trees and removing underbrush and weeds.

Seven foot sidewalks are to extend through the grounds in each direction. Passageways will be well lighted by electricity.

"We have started this project with only a dancing pavilion," Mr. Davis said. "We are trying our best to allow only the best class of persons to use this pavilion, and hope that by doing this we will build up a reputation as conductors of a thoroughly clean place of amusement. Only persons whose characters are above reproach are wanted out here. Whenever we find any other class using the dance floor or enjoying the privileges of the park, we politely invite them to leave."

"Even though we exercise diligence in the matter of patrons, we

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of  
Bladder Irritation or  
Bachache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advt.

are sometimes mistaken—but not often. Undesirable people have learned that they are not wanted, and they have learned to stay away. This park is for refined people, and it will continue to be for that class."

As soon as proposed improvements are completed, the present dancing pavilion will be converted into a dining room and cold drink stand. A new pavilion, approximately 50 by 100 feet, extending over the water, will be erected just southwest of the present building. The dining room will be erected just southwest of the present building, to give them a uniform appearance. A suitable station will be built near the interurban track shortly, and the platform will be enlarged.

Mr. Davis expects to erect a modern bungalow on the northeast corner of the park grounds immediately and will make his home there.

CHURCH, May.—Freeman and Ralph Vaikinhurst, aged 13 and 14, respectively, ran away from their grandmother at Oklahoma City a few days ago, intending to make their way to St. Joseph, Mo. Their money ran out here and they walked to Arkansas City, where humane officers picked them up and helped them on their way.

HUNT AUTOMOBILE THIEF

Altus Man Accommodates Stranger

For Ride and Is Robbed.

By Associated Press State Wire.

OKLAHOMA CITY, May 22.—Officers here were advised to watch for an automobile thief and highwayman who last night held up Cecil Darwin on the streets of Altus, Okla., robbed him of all his money and then tied him to a telephone pole and escaped in a stolen car.

Darwin and a friend were sitting in a car belonging to E. L. Ford, an automobile dealer at Altus, when a stranger approached and asked to

be driven to the north part of town.

Darwin told the officers. Darwin agreed and when the suburbs were reached the stranger drew a revolver and compelled Darwin to get out of the car and stand against a telephone while the highwayman tied him, took his money and fled in the car.

need be erected. This is the opinion of farm owners everywhere who are now using Long Bell Creosoted Posts instead of the ordinary kind that rot and decay after a few years.

Our posts are cut from selected trees of slow growth, air dried and yard seasoned, and treated by the Long-Bell vacuum creosoting process until distilled creosote is forced into every part of the sap wood. The germ of decay is killed, every fiber of the post is protected—there's no decay.

Women of All Ages and Times

Ask your mother, aunt, grandmother, they will tell you of folks they have known who were cured of the many distressing, painful diseases which occur in most women's lives, by taking Dr. Pierce's Favorite Prescription, which is sold by druggists, in both fluid and tablet form. What women say:

Beaumont, Texas.—"For young girls who suffer with functional disturbance or weakness, I always recommend Dr. Pierce's Favorite Prescription. I have given it to my two girls with most satisfactory results. They are now in absolutely perfect health where they might have become frail and delicate had it not been for the taking of Dr. Pierce's Favorite Prescription at just the right time."—Mrs. D. Dickinson, 1387 Jerome St.

Beasley, Texas.—"During expectancy I have always taken Dr. Pierce's Favorite Prescription as a tonic and strengthener, and in each case it has proved to be a wonderful comfort and help to me. I had practically no suffering and my babies have been strong and healthy. I believe Dr. Pierce's Favorite Prescription is the best medicine the young mother can take, and I never hesitate to recommend it to my friends."—MRS. IDA CHANCE.

Houston, Texas.—"When I had become all run-down, weak and nervous and was feeling miserable all the time I took Dr. Pierce's Favorite Prescription. It was only necessary for me to take two bottles to build me up in health and strength. 'Favorite Prescription' is an excellent tonic for women."—MRS. F. E. GOUGE, 9615 N. Mai
